CBM Partners and Friends,

June 2026

As I sit here on our CBM floating dock, next to our boat admiring Gods creation, it never ceases to amaze me how wonderful God is.

He continues to bless, protect and encourage all our missionaries and preachers. We continue to see and hear how fruitful their ministries have been. They are excited about the upcoming seminar taking place on June 2nd, 3rd & 4th at our mission house in Sao Sebastiao. It will be a great time of fellowship, learning, encouraging & counseling.

We just completed another successful trip providing Christ, Life & Health to 9 villages providing vitamins for over 670 patients and seeing 116 dental patients. We are excited and preparing for our next trip with Tomoka Christian Church starting Tuesday, May 26th.

We ask that you keep CBM Amazonia and crew in your prayers as we begin a series of 5 trips back-to-back. With that in mind, we can't say thank you enough for all those that have been collecting, sending & bringing the much-needed vitamins for our trips. Without the vitamins and your help these trips would not be possible. Thousands of vitamins & medications are distributed during each trip. Please continue to collect, sending or bringing vitamins for this ministry.

Please visit our new and improved website, www.cbm.org.br, to read the updated list of prayer requests, list of trips & reports with pictures of each trip. Please look at the dates of each trip as we are now scheduling trips for 2031. Praise the Lord!!

We have a special request for all that receive our newsletter by snail mail / paper copy to provide us with an email address so you can begin receiving information electronically. We want to phase this process out. Please send your email address to: cbmhaubner@gmail.com.

I would also like to remind everyone that Earl is available to visit, speak or meet to share about CBM Amazonia.

Thank you again for your partnership with us. It is blessed because of you!

We continue working for a greater harvest,

Michael, Earl & Ruth Anne Haubner - Amazon Missionaries
